“ I miss you everyday, and wish more than anything that you were still here. You are my inspiration for so many things. I hope one day I can be as brave and strong as you. And I hope I have a heart half as loving as yours. My favorite memory will always be us and that darn frozen ice cream cake that took 40 minutes to cut.

I love you, Grandma. I'll be seeing you.. Love, your "Miss Bridgey."

“ *Although my sister is gone, there is a substantial amount of good she has left behind her that something like cancer can not take. Her incredible intellectual curiosity and tenacious dedication to learning are undying gifts she has passed on.*

She has left a husband that i consider the best of my brothers and fine children and grandchildren to keep the world busy for some time. I regret she won't be here to tell me about their antics herself.

Good bye Sis, and thanks for November 20th. I mean it.

As a former neighbor to Barb and Dale, I never got to know Barb very well. The times I did talk to Barb I found her to be such a sweet, friendly person. I'm glad she isn't in pain. After one door closes, another one opens to our Savior! Blessings to all that loved Barb. May God comfort you and surround you with His peace. Jenny Hall

We will all miss you Barb. You made us all laugh, and you made us all cry at the end. So glad your pain is over, but sad we will no longer be on the receiving end of you mischievous nature! Rest in peace my friend.
