“ Dear Miss Weirick,

*When I came to visit you last spring, I enjoyed the time we spent together. I wish I would have told you how much it meant to Terry and me when you traveled to southwestern Ohio thirty-seven years ago to attend our wedding. What is more important, I should have told you what life lesson I learned from you. A lesson that allowed me to be a better educator when dealing with students, parents, co-workers and administrators. A lesson which, also, made me a better person. You taught me that people from two different worlds can still become friends when they work hard to find common ground. The common ground that you and I found together truly created a strong friendship; a friendship that was priceless! Thank you.*

*“There’s a place full of peace and love, without pain or worry, fear or doubt. A place where flowers bloom forever, and the wind is sweet and gentle. It’s heaven...and it just became even more beautiful.”

*God certainly has good taste in selecting wonderful people, like you, to join Him in heaven. My thoughts and prayers are with your family as they are grieving the loss of you.*

*Love,*

*Miss Weirick was an inspiring teacher, coach and mentor during my 4 years at Manchester College. She led by example and shared her time and talents with her teams and students. Many of us learned to ski from her in the summers. She hosted many team taco parties. She will always hold a special place in the my memories of MC. My heartfelt sympathies to her family on the loss of a wonderful person. Anita Brower, Valparaiso, IN (Manchester class of '73)*

“ Miss Weirick was a wonderful person, role model, and mentor during my life as a student athlete at Manchester College. She was a great instructor and successful coach, Miss Weirick was an incredible athlete--particularly excelling in badminton and golf (she probably could have been professional golfer). I had the pleasure of playing basketball, volleyball, and tennis for Miss Weirick and was also fortunate to have the opportunity to be her secretary while at Manchester which gave us the time for many discussions about basketball strategies and life lessons. I value those talks! Miss Weirick often took extra time with student athletes, inviting us to taco parties and occasional trips off campus (since most of did not have a car) like the trip to go mushroom hunting in Michigan--we didn't find any mushrooms, but we sure had fun! Miss Weirick was instrumental in bestowing on me my nickname, 'Grace.' We will miss her sense of humor and compassion! My condolences to her family.

“ *Miss Weirick was a special person in my life at Manchester College, both as an instructor in the classroom and as a coach. We had some great times traveling to other campuses for women's volleyball and basketball games. And as college students, we weren't above pulling pranks on our professors. I remember a couple overnight trips, where we managed to short-sheet her bed ... and she never expected it. We managed to keep in touch over the years -- and I know she was thrilled when Marti and I visited her last spring. My condolences to her family.
