“ *I cried today, very late in the notice department, october 29, 2015...when I got my envelope addressed to Steve...my longtime Kewanna friend..and it had "deceased" written across from it..Said it couldn't be forwarded...No idea why it couldn't have been forwarded to Heaven...I'm gonna miss my buddy.....I kept writing...and this last time I put a stamped envelope inside and asked that somebody please write me back, give me an update...I knew he had been having some problems lately off and on...I worried when I could not reach him on the phone....I had planned to come for visit but could not get a hold of him...We were gonna meet in Winamac and have pizza (Since i live in Valpo now)...sure wish we could have seen each other one more time...I'll remember Steve for his great big country heart and sense of humor...and his love for pets....I also admire how he persevered although life was often hard for him...he found joy in the simplist things...not everyone does that...Best wishes to the family and rest in peace Stevie...Love, Gail Galvan*
