“ We are so saddened to hear about the passing of someone so special. Cherikee always made things liven up whenever she entered a room. She had such a wit about her and was such a compassionate soul that loved life, especially her family. Please accept our sincere sympathy for the passing of our friend.

“ I have so many fond memories of time spent with Cherokee. She was always a trooper when we would pull a prank on her or any of us. My favorite was the time we all walked her out to the cemetery on her bday. It was pitch black out. We blindfolded her and after we got out to the cemetery we told her to take off her blind fold and we scattered. I never in my life heard a scream like the one that she let out. We all came running and she cried!!

“Cherikee and her husband Larry were our neighbors when we lived in Mentone. We enjoyed frequent front porch visits with them and they became dear friends. Cherikee made herself available day and night, at a moments notice, when our two year old son underwent chemo treatments for three years. When our son would become critically ill and needed to get to the hospital, she would hustle over to stay with the younger boys until our parents could arrive. She loved our kids, and after we moved to Warsaw, every time we saw her she asked about them. She was a kind soul and we appreciated her.

We are sorry for the family's loss, and we pray that Larry finds peace during this difficult time. - Ray and Tammy Davis
