“ We went to church with Doris. She was such an inspiration to us. She didn't let anything stop her! When the pandemic hit and our church closed, she'd come over and we would listen to the sermon online and do church together. I asked her if she was afraid of COVID-19. She shook her head and “no!”. I have a great picture of her sitting in our living room with my computer speaker to her ear listening to the sermon. We are definitely going to miss this feisty little lady! So glad to know she is in heaven and we will join her again one day
