“ I enjoyed working with Harold at Coppes from June 1976 to July 1985. Great times and memories. One time I hit a small deer on the way to work. He took it home, and we butchered it out one Sunday afternoon. I remember when you hosted some Coppes office employees served corn on the comb off the grill. He explained how to soak the ear before putting on the grille. Another time he told me how he would regulate the air in the wood burner in case the creosote caught fire, which caused a whistling sound if I remember correctly. My wife and I were in Lafayette on Thursday 11/2 and drove by Columbia Park. I mentioned that one of Harold's daughters had worked at the zoo at one time. He seemed so proud. When we got home and saw in the paper that Harold had passed, we were so sad. He was a good man. Ron Cotton

Ron haha, I remember the deer. Dad would talk about it thru the years. He loved showing people his frontiersman skills. I was going thru old photo albums and saw many photos of Coppes parties thru the years. He love the Coppes gang and spoke of them often. He had many good memories. Rebecca

Hey Joyce, Dad talked about the Coppes gang until the end. He also kept his banking in Nappanee so he had an excuse to drive by the old building and reminisce!
