“ *Yes I do have to admit that Irene was like a second mother to us. Loved her snickerdoosle cookies. A wonderful neighbor who really didn't bother anyone. I remember one day she took care of me when I got sick before school. When i went to lay down in living room I tried fell on step and cut my head open she cleaned me up and rushed me to mentone to her doctor for stitches. Plus she would put my hair up in a bee hive that was really cool. Love you all.*
