“ *It is impossible to put in to words the impact Jerry has had on our lives as a father figure, grandfather, and a person. Whether it was taking a vacation in his motorhome, sitting around a campfire, hunting at the farm, or just spending time there. Myself, my wife Kelley, and our sons Brian and Brett and their families have so many great memories. We shared many laughs sitting around the dinner table at the farm telling stories, and yes sometimes there was some good hearted mischief. We were blessed to have had Jerry in our lives. “ I loved that man, always talked to him about the Portland steam show. I also teased about switching to John Deere, even gave him a John Deere calendar. RIP, you ornery man 🙏🙏🙏🙏

“ My Grandpa B. I remember riding with him on the tractors at his farm, fishing, playing basketball with him, checking traps in the woods. He was a great grandpa and an incredible dad to his children. He had such a fun mentality. I remember staying with him and my grandma on the farm and we would prank each other. He won when he put tacs in my shoes! No one will ever forget this great man and the memories he gave all that grew up with him. I'll never forget the best childhood he gave me on the farm.

Love you forever Grandpa,
Chandler Clark
