“ 11:49 am, we just finished chatting Monday morning and i was off to work. i sent you a message today, and didn't get a response. Somehow, I knew the Lord had you in his arms. You have always been my bestie and we could argue about anything and still best friends. Those are rare friends, life friends. We agreed to disagree... next? lol Always! I have laughed with you, cried with you, shared so much with you over the years. Fly high June, you are my special angel... (she would laugh her butt off at me saying that as she has before) "I am no angel"... well true, but oh well, want to dance? Knife, knuckle and gun club otherwise known at the "Mainstreet" back then. What people failed to see was how sincere you were at heart. Right, wrong or indifferent, you were always true to heart. Butt heads today, friends still tomorrow. No Problem. Rest in peace, hugz as always
