“ *I spent lots of time at the Wadkins house growing up. One thing I will never forget was Lloyd sleep walking...well mostly sleep eating. I remember watching him eat chip dip with a spoon at the kitchen table in a dead sleep! I thought it was one of the funniest things I had seen at that age. Also, He would always ask me if I needed something when I was at the house, like a glass of water or food. Then when I would say sure, he would tell me to go get it myself and smile. He had his own way of making you feel welcome. :)*
