“ I’ve lost my only sister. We always had a special bond. My mom told me she sat in front of the front living room window waiting for her little baby brother to come home from the hospital. She was just 5. When mom and dad arrived home, and when she saw me for the first time, she immediately wanted to hold me, and mom allowed her to for a few minutes. Over the years as we grew up, we had our normal spats as siblings, and yet I always felt loved by her. I always returned that love as best as I could. I wish I could spend more time sharing memories with her over the coming years, as there are things only she and I will remember about our childhood and growing up. I am thankful that she is now at peace, but I will miss her tremendously.

“ Marilyn was a great friend to all who knew her. She loved, and laughed with all of her heart. We shared many laughs, and good times while we worked together at WEN. Her family was so very important to her. Fly high my sweet friend, and I'll be seeing you.....

“ This breaks my heart. Marilyn and I were great friends over the years. She was a very good person who loved her family and cherished her friends. I’m so glad I got to visit with her a few months ago in the grocery store. We talked for a good half hour about our families, our health and how we needed to get together again soon. I will cherish that time I had with her and remember the spark in her eyes when she talked about her grandkids and kids. She was a hard worker and had a smile that shined. I will always cherish our friendship and will remember the good times we had together. I will be thinking of the family in the days, months, and weeks ahead. I know how your hearts are hurting. I wish you all peace and comfort. RIP my sweet friend.
