“ You’re still here in my heart and mind,
still making me laugh cause your stories live on.
I hold you in a thought and I can feel you.
I feel you and this gives me strength and courage.
The tears I have cried for you could flood the earth
For you Brother - I promise you this,
I will go on with my life and make you proud. I will always hold you
in my heart.
I promise you I will be missing you everyday till the end of time,
I will love and miss you, but I also will live because through me you
will live,
you will still laugh and love,
you will still ride with the wind,
You will forever be in our lives,
you will forever be a brother,
a son,
a husband
a dad,
an uncle
and friend to many.....
You will NEVER be forgotten :(
