“ It doesn't seem real pops that you're gone. It just seems like yesterday that I came into this family, but I've been here almost 34 years now. It's definitely been a crazy 34 years we've had a lot of ups and downs, a lot of good times and bad, but in the end we all loved each other. It won't be the same without you, but somehow this family will try to go on without you and Mama. I truly believe that we will meet again someday. Until then, remember that I love you and that you'll always be my pops. Michelle

“ My husband and I went to school with Mike and have known him for over a 1/2 century plus. We shared trips to Vegas & MS. in hopes of always winning the big pot of gold.....never could master it! Mike will be so greatly missed by everyone who knew him. I pray for his boys and their families as they walk through their grieving process. May you remember the great family times knowing Mom and Dad are walking hand in hand in their Heavenly home. Blessings and lovingly,

“ Brother Mike I remember the day you were born. Dr. Richardson came to our home 🏠 & Brother Paul said he better bring me a John Deere tractor, then Paul & I had to stay in the outhouse for 2 hours. When we came in Paul said I didn't want a baby brother I wanted the toy tractor. I will always remember that. I loved you so much.
