The moment that you left me, my heart was split in two. One side was filled with memories, the other side died with you.

I often lay awake at night when the world is fast asleep, and take a walk down memory lane with tears upon my cheek. Remembering you is easy, I do it every day, missing you is a heartache that never goes away.

I hold you tightly within my heart, and there you will remain, you see life has gone on without you , but will never be the same.
