“ *First week I owned sale barn, Steve had me out to tell him what cattle weighed and price. Of course I was very unsure and still learning. I told him what I thought and he said fine, have them in Sat. I missed the weight quite a bit, and oh my is Steve going to chew me. He came in to get check, and I was there to greet him awaiting his wrath. He says I knew you were off, but you were honest with me, and that's all I can ask from you. I considered us friends from that day forward and shared our enthusiasm with the ND Women's basketball. I will miss looking down our row and not seeing him at the games. Judy and I thought the world of both of them. May they rest in peace!* ”

When Dick and I first met your Mom and Dad it was at George and Jeans we had such a good time with them. They were two of a kind and we loved and valued their friendship so very much. He really got on me when he found out I was a Democrat and that was OK. I was getting used to the raspberries from George too. We will miss seeing them at the fair. He sure loved watching his grandchildren show cattle and anything else they were in(very devoted) Please know you are in our thought and prayers. We will miss him too.

I respected your father for his service to Fulton County. As Commissioner he was always available to the elected officials and put politics aside once the election was over. I will always fondly remember your parents and was blessed to have known both of them. I'm very sorry for your loss, they both leave behind a void that will never be filled.
